SALEM means Peace

SALEM International is a non-denominational Christian non-profit welfare organisation. At present, SALEM employs about 130 people in Germany as well as some 250 others engaged on different projects worldwide. It was founded in 1957 by Gottfried Müller and a circle of friends.

What makes SALEM special?

All of the SALEM projects are affiliated through the shared values of peace and helping those in need. In this sense SALEM is actively working in global hotspots to help people in difficult situations regardless of their beliefs or nationality. Our support ranges from social, environmental and health issues to nutrition, education and development assistance.

At SALEM our experience has taught us the importance of committing to a project for the long term - even when all other organisations have already left because there are new trouble spots elsewhere. That is why all of our projects are permanent and receive continuous support.

SALEM is probably the oldest Western vegetarian welfare organisation. From the beginnings all establishments have offered only vegetarian cuisine. We believe that no living creature shall be harmed.

"You must behave as if your every act, even the smallest, impacts a thousand people for hundred generations. Because it does. Even if we 'only' save a few children, what we have done is to put into the ether the possibility of the saving of children." GOTTFRIED MÜLLER

SALEM depends on donations.

As a charitable organisation with low administrative costs we are mindful of giving maximum transparency to our donors and the general public. We guarantee that all donations go to our projects where they are really needed.

SALEM-Stadtsteinach

The headquarters of SALEM International are at SALEM-Stadtsteinach along with our guesthouse (Lindenhof SALEM) and our neurofeedback centre. Every year we run summer adventure camps here for children who have ADD/ADHD (attention deficit/hyperactivity disorder) who also benefit from neurofeedback training during their stay. Our social work team is also based here and they offer support in the community for people with disabilities.

SALEM-Höchheim

SALEM-Höchheim is home to children, young people and adults with learning disabilities. The carpenter's workshop offers assisted employment for young people and manufactures, amongst other things, wooden nesting boxes. SALEM-Höchheim has its own horses so that residents can experience therapeutic sessions with them. FOR FURTHER INFORMATION: WWW.SALEM-HOECHHEIM.DE (only available in German).

SALEM-Kovahl

The SALEM-Kovahl children's and youth village takes care of children and young people who have had traumatic experiences. In SALEM-Neestahl adults who need support in their every day lives find their home. Organic farming and gardening enables this SALEM village to be self-sufficient and the farm shop sells their excess produce. FOR MORE INFORMATION: WWW.SALEM-KOVAHL.DE (only available in German).

SALEM-Uganda

Once founded to help sick and poor people after the civil war, now SALEM-Uganda provides a variety of health, social welfare and environmental services. These include a hospital, a children's home, a tree nursery as well as community outreach services. We give young people a chance to have vocational training and become financially independent. FURTHER INFORMATION: WWW.SALEM-UGANDA.ORG

SALEM-Ecuador

The child and youth centre in Mindo is a place where kids can enjoy some carefree time. It is our goal to help them to break the cycle of poverty, lack of prospects and poor educational opportunities. We support them with their homework and offer sponsorship programmes to help them to access to higher education.

Would you like to support the children in Uganda or Ecuador? Then simply ask for more information and become a project sponsor.

SALEM-Togo

SALEM's work in Togo is dedicated to the improvement of the population's living conditions and the preservation of their environment. We demonstrate the positive effects of organic farming on test areas and offer educational programmes for the villages nearby.

SALEM-Russia

The children's and youth village 'Raduga' (meaning rainbow) is situated near Kaliningrad. It aims to give orphans and neglected children a family environment in which to grow and receive a sound education. It also introduces new, organic, ecological farming technologies to local people.
